2nd May – 25th August

Please ring me on 07977 021975 should you have a problem contacting any of the centres above.

We would urge that you get together with other local producers as this will greatly reduce your haulage costs and speed up the delivery/collection process.

Sheep fleeces are classed as an animal by product in accordance with DEFRA regulations, and require identification as such for their transportation.

It is imperative that labels are firmly attached to the outside of ALL sheets and contain your details including your British Wool member registration number.

Would you please also keep black wool separate from other fleeces.

Thank you for your continued support and we look forward to being of service to you in 2023 and beyond.

Kind regards

Amanda Knighton
Intermediate Depot Manager
